Product Description

EGO POWER+ 24" 2-stage Snow Blower Kit - SNT2406

The EGO POWER+ Cordless 2-Stage Snow Blower exceeds the power and performance of gas-powered snow blowers without the noise, fuss, and fumes. Featuring Peak Power™ technology, this cordless electric snow blower combines the power of any two EGO 56V ARC Lithium™ batteries to tackle the toughest snow conditions and what the snowplow leaves behind with ease—and throws it up to 50 feet. Its 24-inch clearing width and 20-inch intake height handles even the deepest snow, and its variable-speed auger and 200-degree chute direction give you complete control to throw snow where you need it. Get the job done easily with variable-speed self-propelled forward and reverse directions along with four LED lights for added visibility in the early morning or evening. Experience Power Beyond Belief™ with the EGO POWER+ 2-Stage Cordless Snow Blower and the entire EGO POWER+ lineup.

TECH SPECS

- Peak Power™ technology combines the power of any two EGO POWER+ 56V ARC Lithium™ batteries
- Throws snow up to 50 feet
