Product Description

Firman Dual Fuel Portable Generator 8000W Electric Start 120/240V - H08051

The FIRMAN H08051 Hybrid portable generator runs on either Gasoline or Propane. It offers a long-lasting performance for even the most demanding and challenging situations.

With a 439cc power engine, the H08051 dual fuel generator is one of the best options for your job site, large RV's or backup power station for your home.

Coupled with a transfer switch, the H08051 can act like a great alternative as a portable, whole home stand-by generator to get you through tough times after a big weather event.

The H08051 comes with an engine oil bottle, oil funnel, spark plug wrench, two double open-ended wrenches (10mm x 12mm), and an LPG regulator with a hose holder.
