Product Description

Maruyama B300L Turbo Loop Trimmer

The Maruyama B300L Turbo trimmer gives that extra boost of power you need. Turbo trimmers are your best choice for cutting dense and wet grasses or thick brush as well as day to day lawn trimming. The 1:19 gear reduction increases torque resulting in greater power without making the engine work harder.

Maruyama grass trimmers make a difficult task easy and manageable. Ideal for trimming along fences, house foundations and corners, around shrubs, trees, flower beds, patio furniture and for maintaining everyday professional and homeowner landscaping. Their high manageability is thanks to their lightweight and high torque cutting power, yet they are built with the rugged features of a professional machine.

The Maruyama B300L Turbo trimmer gives that extra boost of power you need. Turbo trimmers are your best choice for cutting dense and wet grasses or thick brush as well as day to day lawn trimming. The 1:19 gear reduction increases torque resulting in greater power without making the engine work harder.

More power, durability, and engineering than ever before!
