## **Product Description**

## EB770/RT Backpack Blower

Shindaiwa Blowers feature two of the largest displacement engines in the backpack market and two of the most powerful handheld models. Each backpack model features double-adjusting shoulder straps, padded backrests, and ergonomically positioned controls for all-day comfort. The handheld blower is durable and powerful, offering excellent fuel efficiency.

## **Features:**

- Cruise control for maintaining constant speed and reducing strain
- 63.3cc 2 stroke gas engine
- Tool-less access to 2 stage filter
- Posi-loc<sup>TM</sup> pipes for easy connection
- Vented backpack system provides cooling air for hot weather use
- Heavy-duty straps for all day comfort
